Dough-how & more.

# What does “dough-how” mean? What does “& more” stand for?

Dough-how is a word we have created from the words dough and know-how. It represents all of our expertise and decades of experience in dough sheeting and shaping. A unique combination of knowledge and skill in dough and its related technologies.

With “& more”, RONDO takes a deliberate and targeted approach to the challenge of doing “more” for customers. For example, more benefits through “more” services and customer care. More security through “more” reliability. More effectiveness through a “more” proactive approach. More efficiency through “more” reaction speed. Your imagination is the only limit to this “more”. RONDO. Dough-how & more.

# RONDO.
